GDPR Compliance

Ecomon cares about user privacy and wants to be transparent and clear about how we handle your data. Here's the breakdown of what we collect and how we keep your data safe

What we collect

- User Accounts: We store your email, username, password and your team choice
- Location Data: If you press allow, we user your current location to provide the location based map feature. This can be disabled anytime

Why we collect it

All data features are required to provide a secure and feature rich service.

How We Keep It Safe

- Passwords: All passwords use the PBKDF2 algorithm with SHA256 hash, a password stretching mechanism recommended by NIST. Furthermore passwords are uniquely salted for each user. Not even us can see it!
- Restricted access to personal data only accessed when required.

How Long We Keep Your Data

Your data is stored while you have an account. This is for as long as you need it! If you decide to delete your account via the profile page. Here your data can be safely removed.

Email, password and username can be updated via the profile page.
